AGM DATE 31ST AUGUST 5:45PM

It always seems weird talking about Surf Lifesaving in the dead of winter, but it's that time again and our AGM is fast approaching.

As the Interim President, I encourage all members to attend (please RSVP in email henleyslsc@gmail.com or through socials) because we have lots to discuss and decide on.

The past year has been tough. COVID has smashed all commercial restaurants because of the withdrawal of any government support- but that is the past.

We need to look to the future as we approach our 100th Anniversary in 2025.

To do that we all need to gather, talk and plan.

This year's AGM, once we get the constitutional governance out the way, is going to be focused on looking forward, not back. Be there to share your ideas.

Looking forward to seeing you then.

Jim Plouffe
Interim Club President

CLUB UNIFORMS

This year we are moving our club uniform and club apparel for the whole club to an online store and we are keen for your feedback.

The reason for this change is that custom club clothing is becoming increasingly expensive both for the club to purchase and hold over the winter period as well as for our members to purchase. So, we need to look for a viable alternate.

We went out to a few different suppliers during the off season and Delfina seems like the best fit for us offering a range of options.

Delfina is one of Australia's Leading customer swimwear and apparel companies. They already support a number of Surf Lifesaving Clubs on the east coast. I have already seen samples of their clothing and their quality is fantastic with a reasonable price tag.

The most attractive feature of Delfina is that they offer a "pack and send" option whereby you place your order online and it gets sent directly to you from the supplier. This in turn will mean the club will no longer have to hold and sell stock in its kiosk.

We would be looking to have the online shop open 3-4 times per year and aligned with the start of the season.

We are seeking feedback on the attached designs from now until the end of July. This may seem like a short time but we need to get things moving for the upcoming season.

Please note that examples attached are not an exhausted list but more just an idea of what they can provide us.

Please send your thoughts and suggestions to me Rachel Mews at henleyslsc@gmail.com

Thanks in advance
Rachel
